MINUTE TO WIN IT GAMES

A quick search will offer many options!

One option with **Minute to Win It** games is to set up several games and have a scorecard for each person to see how many games they can complete. If they complete a certain number, they can turn in their scorecard for a prize.

HIGH FIVE / LOW FIVE GAME

Have table teams pass around a low five, high five, spin around, clap twice, and hallelujah hands, then turn and do the same thing with the person next to them until it travels all around the table.

The Purpose

The meaning is that we give low 5s to kids, high 5s to teens, spin because we are reaching kids all around the world, and clap because it's all for the glory of God. Everything we do in ministry has meaning and purpose!

Caterpillar ROCK, PAPER, SCISSORS

Two players play **Rock, Paper, Scissors**; loser gets in line with their hands on the shoulders of the winner who becomes the "head" of the caterpillar. The head then plays RPS with another "head". Loser and their caterpillar chain join the back of the line forming a longer caterpillar. Play continues until we have the ultimate caterpillar RPS champion!
